## PROFILE

Multi-disciplinary IT specialist combining web development, system administration, cybersecurity, and technical education. Built 80+ websites, managing 4+ VPS servers, and delivering hands-on IT instruction at ProWeb and Haad Training Centers. Actively advancing in offensive security — Top-25 OffSec Gauntlet, OSCP in progress, HackTheBox Pro Labs (Active Directory). Background in robotics engineering adds a practical, project-based approach to every technical challenge.

## EXPERIENCE

### Networking & Sys. Admin Instructor

2026 – Present

ProWeb Training Center · Tashkent

- Teaching Networking and System Administration courses
- Topics: TCP/IP, DNS, DHCP, VPN, Linux server administration
